Dear Sir/Madam,

Are you searching for an intern who has excellent computer/programming skills that has the ability to think outside the box and come up with great solutions? If so, please see my attached resume.

I am currently in my final year at the University of the West Indies and will be graduating with a BSc. in Computer Science in October 2017. I have been developing websites as a personal interest for the past 5 years. I have created websites from scratch and I have experience in several web development platforms such as WordPress, Wix, Yola, SquareSpace, Drupal and Webs. I am versatile in the languages HTML, CSS, JavaScript, MySQL, Ruby on Rails, Java, Python and many more. A full list of the programming languages I am skilled in can be seen in the attached resume.

Demo works include:

- <http://upppgramms.appspot.com>.
- <http://knotz.yolasite.com>
- <http://utelearning.weebly.com>
- <http://ichsaa-nychapter.squarespace.com>

In addition to my programming expertise, I bring to the table expertise in the MS Office suite of products. I have also done courses in User Interface Design, Software Engineering, Systems Programming, Website Development, Database Management Systems and Networking throughout my university life. I am currently on the path to doing my certification to add cybersecurity to my arsenal of skills.

The attached resume provides more details of my skills and achievement track record. If you agree that I would make a valuable addition to your team, please feel free to call me at (876) 472-0460 or email me at kbrownjamaica@hotmail.com. I know you are busy, so thank you for

your time, and I look forward to speaking with you.

Sincerely,  
Khadijah Brown
